RE: Latex/Mercury/DEHP/BPA Free Products

To Whom It May Concern:

ACell, Inc. is a leading developer, manufacturer and marketer of next-generation regenerative medicine and wound care devices. We take great pride in producing an outstanding medical device and ensure they are of the highest quality and safety.

ACell products are processed without materials or components containing Latex, Mercury, Bisphenol (BPA) or Diethylhexyl phthalate (DEHP). All manufacturing procedures are conducted under stringent controls and distributed devices are assured free of BPA, Latex, Mercury, and DEHP.

ACell is FDA registered and ISO 13485 certified and maintains a strict quality assurance program to ensure full compliance with all regulatory and accreditation standards. Patient safety and care is our number one priority and we take great pride in producing the highest quality, safe, and effective products.

Please contact me at any time if you have any questions or need additional information, terryhill@acell.com, (410) 953-8558.

Regards,

TERRY A. HILL, M.D.
Vice President of Quality
ACELL, INC
